**STATEMENT OF ROBERT EDWARD HOWE IN SUPPORT OF A REQUEST
TO CORRECT INVENTORSHIP UNDER 37 CFR §1.48(a)**

Commissioner for Patents
Washington, D.C. 20231

I, Robert Edward Howe, make this statement pursuant to 37 CFR § 1.48(a) to correct the inventorship of the invention claimed in the above-identified patent application, U.S. application serial No. 10/516,400, at the time the application was filed.

At the time of filing of the above-identified application in the United States Patent and Trademark Office, Norman Ronald Smith, Daniel Ivan Meir, and Gideon Matthew Hale were named as inventors. However, after further consideration, it was determined that I am an inventor for some of the claims in the subject application. The omission of my name at the time of filing of the international application (PCT/GB2003/002955, filed July 8, 2003) and of the present national stage application under 35 U.S.C. 371 was inadvertent, and the error in inventorship was made without deceptive intent on my part.
